

Altea versions 90-120 book and sofa, is a transformable system with a single or large single bed with a patented slatted base, and folding opening.

Available in the following sizes

Altea 90-120:	H. 2200 mm.	L. 1010-1310 mm.	D. 350 mm.
Altea Book:	H. 2200 mm.	L. 1010-1310 mm.	D. 623 mm.
Altea Sofa 90-120 sofa size:	L. 900-1200 mm.	H. seat 390 mm.	D.850 mm.

Altea Book is equipped with a cushions container and shelves.

Altea Sofa, the patented sofa with tilting structure and translatory movement totally disappears when you open the bed

Altea 90-120 and Book must be fixed to the wall.

Altea Sofa is self-supporting.

TECHNICAL INFORMATION

Wooden **frame** with adjustable nylon feet.

Opening **mechanism** attached to the frame with an articulation system through gas pistons.

Bed base CF09. The invention relates to a bed base with automatic locking mechanism in the vertical or horizontal position, which prevents accidental opening and closing, and fixing the facade finishing without the need for hardware.

Features and advantages over the standard serial bed base:

- The safety is guaranteed by the innovative locking system of the bed base by means of a pin which is engaged automatically. (fig 1)
- Opening and closing the bed base are performed by a simple movement through the device inserted into the foot (fig. 2)
- The frame and aesthetics of the facade are the result of innovative technologies: soft lines with thicknesses of the artefact with no handles to prevent compromising the aesthetic cleanliness in the panel/network joint, with the opening mechanism hidden in the side gaps (fig. 3-4).

Maximum **capacity** table top 50 kg.

Maximum bed **capacity** 150 kg.

Available mattress : in compliance with UK fire regulation

Mattress **locking belts** in nylon with fasteners.

Standard finish: white melamine dover, melamine whited/graphite oak, embossed laquer in cleicoloursystem variants

Facade: white melamine dover, melamine whited/graphite oak, embossed laquer in cleicoloursystem variants, glossy dialux, lacquered decorations and print as per the Pattern and Decor\Pattern folder.

Applicable prints: Scot, Quadra, Petal and Bubble

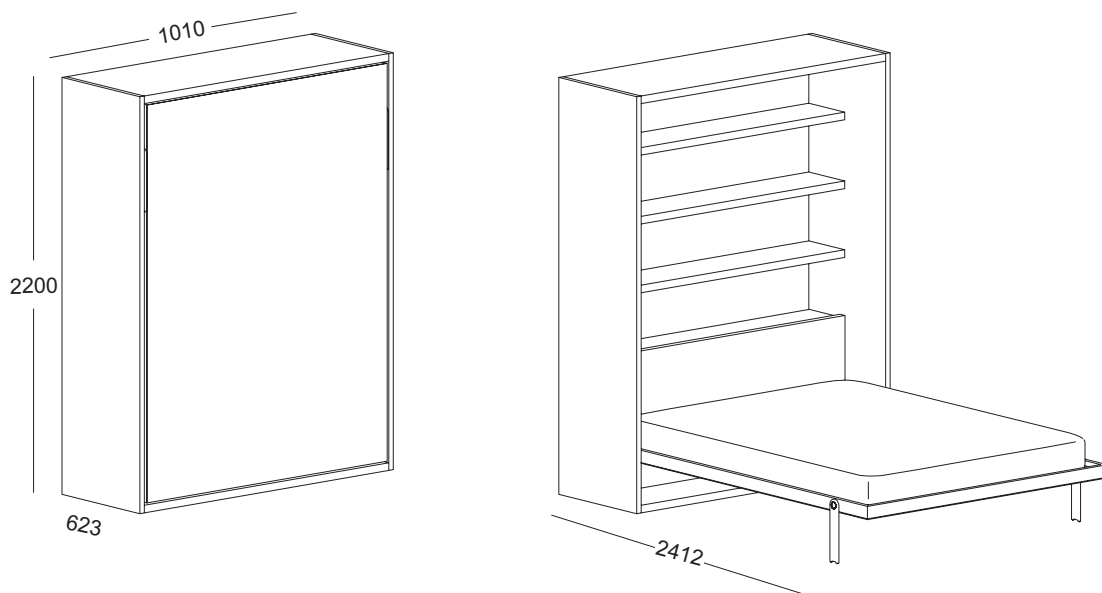

Backs: white melamine. Lacquered on request

WARNINGS: ASSEMBLY AND SAFETY

- The products are delivered unassembled and assisted by specific assembly instructions.

- It is mandatory to anchor the walls' product and intact and strong walls, with 4 mounting points resting on perfectly level floor (except for Altea sofa models).

In the hardware supplied, there are also a number of plugs that can be used exclusively for fixing the product on walls and solid concrete panels R250 (see specific assembly instructions). In any case, the choice of hardware suitable to fasten the product is at the sole responsibility of the installer who has to check the integrity and the wall/panel's degree of resistance where to install the product and is also responsible for state-of-the-art assembly, fixing and testing of the product.
